You are not alone.

Moving from Crisis to Impact.

The Arrow Leadership Program™ Executive Stream strengthens your leadership skills, sharpens your soul and prepares you to lead differently for a better tomorrow.

The Virtual Executive Stream is a 12-month highly personal, intentional and transformational experience:

- **Jesus-Centered Transformation** – Be positioned to experience God’s love, rest in his grace and respond to his transforming presence in order to become the leader God has designed and called you to be.
- **Engaged Learning in Community Over Time** – Experience a blended learning approach of self-directed learning and real-time connections. In addition to four three-day virtual intensive gatherings, you will engage through class calls, workshops and peer support.
- **Training and Coaching** – Interact with specialty trainers on vital leadership needs, and you will be partnered with one of Arrow’s approved coaches.
- **Assessments and Individualized Feedback** – Receive professional assessments, reports and one-on-one coaching with a specialist to stimulate your self-awareness and guide your leadership development.

How is the Virtual Executive Stream unique?

- It’s a personal, intentional and transformational experience.
- It's actively engaging as learners and contributors in real time, not passively watching webinars.
- It includes a mix of online learning (flexible, self-directed reading and assignments) enhanced by live web-interactions with Arrow personnel, peers, coaches and specialty trainers.

Next Step.

The Arrow Leadership Program™ Executive Stream transforms you to become the leader you want to be and the leader you need to be for the future and the health of your organization.

“God has freed me through my journey with Arrow. The peace I now have with God I didn’t even know was possible. It’s been amazing to see how God’s done so much work in my heart. It’s freed me in my leadership as well as in my day-to-day life.”
