

Why Arrow Entrepreneur?

A successful business begins with the heart and soul of its leader.

“ Arrow Entrepreneur is a **unique** Christian leadership collective providing multi-year learning and support that equips business owners professionally, with a toolkit of **relevant** and **practical** skills, and provides a **transformational** experience to help leaders become more Jesus-centred. ”

The rapid change and complexity of 2020 has created a business environment where only the adaptive will thrive. Now more than ever, access to the ideas and practices of seasoned business leaders, and the opportunity to leverage shared experiences is critical to ensuring your company's capacity to power past current challenges — and emerge stronger.

Membership provides you with critical resources.

Industry Leading Assessments

Your membership experience begins by participating in a Grip-Birkman Leadership Assessment where you and a certified Birkman coach identify your unique skill set and God given spiritual gifts, and how to leverage both in your life and business.

High Caliber Quarterly Events

The core of the Arrow Entrepreneur experience is highly interactive, full-day meetings that provide unique learning experiences where members sharpen each other through a professionally facilitated exchange of ideas and perspectives.

E-Mastermind Meet-Ups

Between quarterly meetings members engage in high value, professionally facilitated, virtual collaborations that extend their learning and keep the group connected and energized.

Experienced Guides

All member activities are professionally facilitated, and you are prayerfully matched with one of Arrow Entrepreneur's approved Member Partners; a seasoned marketplace leader who will challenge, mentor and support you on your transformational journey.

Helping you focus on the right things, freeing your time to do important things.

Through membership in Arrow Entrepreneur you will experience a growing sense of your divine **CALLING**, opportunities to build your **CHARACTER** and enrich your **CONNECTIONS**, and ideas to leverage the **CONTEXT** in which you live and work.
